

Academic and Administrative Audit (AAA) Report for Christian College of Engineering and Technology for the A Y 2022-23

Introduction

The Academic and Administrative Audit (AAA) of the Christian College of Engineering and Technology was conducted on May 10, 2023, to assess academic standards, administrative efficiency, and adherence to quality practices. This audit aims to identify strengths, and areas for improvement, and provide actionable recommendations for enhancement.

Academic Audit

Aspect	Observations
Curriculum Planning and Implementation	Courses are designed based on Outcome-Based Education (OBE) principles, incorporating cognitive skills and practical components.
Teaching and Learning Methods	Diverse methods include lectures, seminars, workshops, practicals, fieldwork, technology-enabled learning, internships, and research work. Faculty development programs are regularly conducted.
Assessment and Evaluation	Continuous internal assessments, end-semester exams, and project reviews. Regular feedback from students, alumni, and industry experts is incorporated.

Administrative Audit

Aspect	Observations
Infrastructure and Resources	Modern facilities including laboratories, libraries, computing resources, and eco-friendly initiatives.
Governance and Leadership	Well-defined roles and responsibilities with effective leadership ensuring smooth operations and strategic planning. Regular internal and external audits ensure transparency and accountability.
Financial Management	Transparent budgeting and resource allocation. Regular financial audits maintain integrity and accountability.
Support Services	Comprehensive student support services including counseling, career guidance, extracurricular activities, and skill development programs. The Entrepreneurship Development Cell (EDC) and various clubs foster overall personality development.

Good Practices

Practice	Details
Blended Learning	Combines traditional classroom instruction with online learning platforms like Google Classroom, NPTEL, and SWAYAM for a flexible and enriched learning experience.
Bilingual Education	Pedagogical training programs enable faculty to deliver content in both English and vernacular languages, ensuring inclusivity and better comprehension.
Cultural and Value-Based Education	Special classes and seminars on Indian knowledge, yoga, meditation, and cultural studies. Activities in fine arts clubs and festival celebrations promote cultural diversity and heritage appreciation.

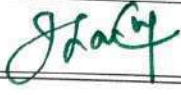

Conclusion

The AAA report highlights Christian College of Engineering and Technology commitment to academic excellence and continuous improvement. By addressing identified challenges and leveraging strengths, the institution aims to enhance its educational offerings and maintain high standards of quality education.

Recommendations

Recommendation	Details
Strengthen Industry Collaborations	Enhance practical learning and employability through stronger industry-institute partnerships.
Expand Technological Integration	Increase the use of advanced technology in teaching and learning for greater flexibility and access.
Continuous Faculty Development	Sustain regular professional development programs to keep faculty updated with the latest educational practices.
Enhanced Student Support	Broaden support services to address diverse student needs and promote overall well-being.

AAA Committee Members

Role	Name	Designation	Signature
Chairperson	Dr.P.Tharcis	Principal i/c	
Co-Chairperson	Dr.P.L.Ramesh Kumar	Vice-Principal, Professor & HOD/Mechanical	
Internal Quality Assurance Cell (IQAC) Coordinator	Dr.P.Booma Devi	Head/ IQAC, ASP & HOD/EEE	
Member	Dr.C.Sundar	Professor & HOD/CSE	
Member	Dr.T.Gopalakrishnan	Senior Faculty, ASP/EEE	
Member	Mr.R. Sathis Kumar	Senior Faculty, AP/ECE	
Administrative Representative	Dr.T.Michael N.Kumar	Administrative Head, Deputy Chairman	
External Expert	Dr.A.P.Jagadeesan	Academic Expert, Professor & HOD/CSE, RVS College of Engg & Tech, Dindigul.	
External Expert	Mr.S.Sasikumar	Academic Expert, ASP & HOD/CSE, SBM College of Engg & Tech, Dindigul.	
Student Representative	Ms.T.Hema	Student, [III/ECE]	

	CHRISTIAN COLLEGE OF ENGINEERING AND TECHNOLOGY, Oddanchatram		
	Department of Computer Science and Engineering		
	Academic Audit Report		
	Course	B.E - CSE	
	Academic Year : 2022-23	Year / Semester	II / III
	Subject Name with Code	CS3301 / DATA STRUCTURES	

Date: 04/05/2023

I hereby certify that the documents / records related to the award of the Internal Assessment Marks and Attendance for the above subject have been verified and found to be correct.

Sir/ Madam,

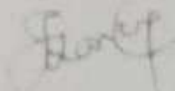

Sub : Invitation for Academic Audit in Electrical and Electronics Engineering
Department as an **Expert Member**- Reg

Greetings for the day!

As per the Anna University Regulation 2021, Our College Academic Audit in
Electrical and Electronics Engineering Department will be scheduled on 04.05.2023.

It gives us immense pleasure in inviting you as an **Expert member** of the
Academic Audit in Electrical and Electronics Engineering Department on 4th May 2023.

We request you to kindly accept our invitation and confirm your presence for
the Academic Audit.

Action Taken Reports on the Feedback Received

Introduction:

Action Taken Reports (ATRs) are essential records that list the answers to comments from different CCET stakeholders. These reports provide an extensive summary of issues raised, suggestions for action, and the subsequent steps implemented to resolve them. Here are several ATRs covering several academic years, with an emphasis on the academic years 2018–19 through 2022–23. The dedication of CCET to ongoing enhancement and meeting the changing demands of its staff, employers, students, and alumni is emphasised in each report.

Each table delineates concerns identified in the respective academic year alongside the recommendations and actions taken to rectify them.

Action Taken Report for the Academic Year 2018-19

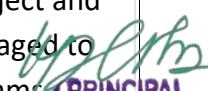

Students:

S.No.	Concern Identified	Recommendation for Action	Action Taken
1	Lack of awareness about modern / advanced topics	In addition to the syllabus, recent advancements in each subject can be dealt by subject handling faculty.	Content beyond syllabus topics are handled in each subject by all subject handling faculty
2	Insufficient practical knowledge from the courses	Lab hours can be increased.	Lab hours are increased
3	Less number of industrial visits / internships arranged	Industrial visits / internships can be arranged more through Memorandum of Understanding (MoUs).	MoUs are signed to promote collaboration for industrial visits / internships

Employer:

S.No.	Concern Identified	Recommendation for Action	Action Taken
1	No frequent upgradation of knowledge in the recent trends and development	Introduction of online platforms like SWAYAM, NPTEL, MOOC courses etc. for upgradation of knowledge.	Online course materials are also provided relevant to the course content for each subject and students are encouraged to attend NPTEL exams.

Alumni:

1	Less rating for the course that is learnt in relation to real life application	Through Distinguished Alumni or Eminent personality from industry, hands on training and guest lecture can be arranged to fulfill the curriculum gaps.	Hands on training and guest lecture are arranged with distinguished Alumni or Eminent personality from industry.

Conclusion

Action Taken Reports (ATRs) at Christian College of Engineering & Technology (CCET) detail the responses to feedback from various stakeholders, including students, faculty, employers, and alumni. Covering academic years from 2018–19 to 2022–23, these ATRs summarize issues raised, recommendations made, and actions taken to address them.

The reports highlight CCET's commitment to continuous improvement, proactive problem-solving, and responsiveness to the evolving needs of its community. By addressing concerns and implementing stakeholder feedback, CCET demonstrates its dedication to enhancing academic standards and fostering a supportive, inclusive educational environment.
