

MINORITY CELL

Minority cell of the college was established in CCET with the purpose of empowering the minority communities in the college. The Minority Cell supports students from minority backgrounds, including Christians and Muslims. The cell provides financial assistance to students from these communities as well as from various government programs.

Objectives

- Ensure a safe and secure environment for minority students.
- Facilitate financial support from governmental and other sources.
- Provide awareness about state and central government scholarship programs.
- Ensure protection and reservation as per the Indian constitution.
- Encourage enrollment in career orientation programs to empower students.

Roles and Responsibilities

- Operate as a Grievances Redressal Cell for minority students.
- Provide support in solving academic and administrative problems.
- Arrange opportunities to enhance students' career growth.
- Conduct programs to disseminate scholarship schemes.
