

OBC CELL

A special cell was introduced in order to look into the affairs of Other Backward Class students and staff of the institution. OBC Cell was established in compliance with University Grants Commission standards. All staff members and students who are part of the community should feel comfortable and appreciated in the living and working environment that the college's OBC Cell fosters. Regardless of color, religion, caste, creed, or cultural background, the university is dedicated to creating a welcoming and inclusive atmosphere that values diversity to guarantee that the government and institutions' periodic orders of reservation in favor of OBC are properly followed. The college is particularly interested in assisting government entities in providing financial help to students.
